An All-Hackerspaces N<sup>2</sup> Discussion Group this Sunday at 2pm

Greetings, hackers!

**Do you hackerspace?** Would you like to hackerspace without all the *drama*?

Come to an agenda-based discussion group at HOPE X focusing on:

- ▶ **Hacker Sociology:** Are hackers just regular people with superpowers, or do we need to handle ourselves differently? How much can we learn from non-hacking-community examples?
- ▶ **Consensus / Community Process:** how does it fscking work?
- ▶ **Burnout and Member Turnover:** avoiding savior/martyr syndrome
- ▶ **The Effectiveness of Policy and the Importance of Culture**
